Added value by sector

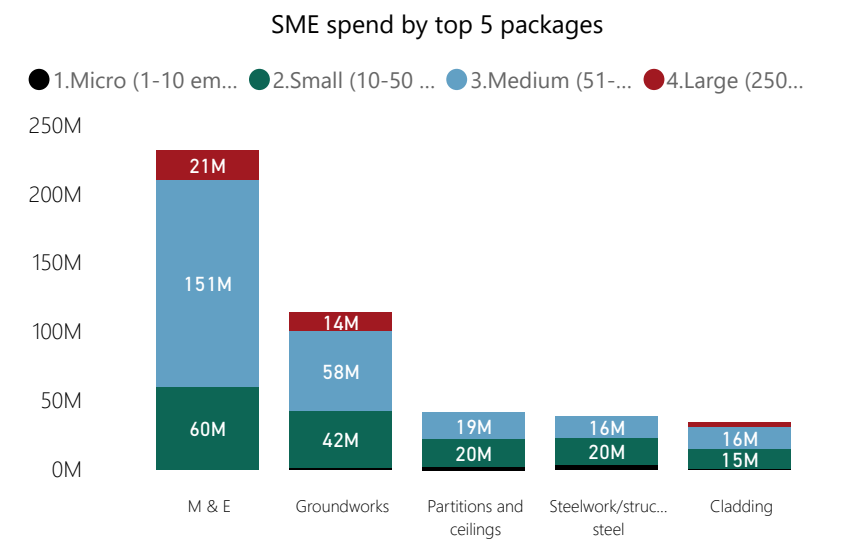

2 Framework performance

3 Framework social value

Since 2015, SCF has provided over **220** years of apprentice training through our Employment and Skills strategy.

Commentary

- SCF has delivered over **£2.9bn** of Public Sector works. Through the intergrated team approach, clients have received **£131m** of added value, at around **10%** per project.
- During preconstruction, costs have been reduced by **1%** on average. The intergrated team approach to preconstruction has added over **£13** of value benefits for every **£1** spent in preconstruction.
- SCF are committed to driving social value through training and SMEs. We have over **200** apprentices receiving training on SCF projects. To date over **90%** of supply chain spend is with SMEs.
